The Lunar Return

Astrology can provide many valuable panoramas as you move through this world, from a lifelong overview to the snapshot of the opportunities available in a single instant. The view you get depends upon how far back you pull from the subject and thus how much your eye, so to speak, can encompass. In the words of the Sesame Street song:

It's all in how you frame your picture. The closer to the subject you get, the greater the detail the farther away, the larger the scope. The natal horoscope with its transits and progressions can, for instance, give you a view of all the days of your life, painted with a broad brush. Or, the sweep of the heavens in the instant of the moment can portray where you're at right now. In the middle, the pictures of the coming month or the coming year are available to you in the form of lunar (monthly) and solar (yearly) returns.

What Is A Lunar Return?

Your Lunar return is the monthly chart of the instant the Moon in the sky returns to the exact position it was at your birth. It's kind of a monthly birthday, and the arrangement of planets it displays reflects the patterns of your coming month. Each month, this re-birth-day works out its potential for you and then is renewed once again 27 1/2 days later with a new set of surprises and opportunities.

How Does It Work?

Like your natal chart, or any other kind of horoscope, a Lunar return is a chart of a beginning - in this case, the monthly beginning of the lunar cycle that started at your birth, which is the cycle of your response to your environment, including your emotions, feelings, interactivity, social well-being, and generally how creatively you react to the challenges and opportunities of life. It works on the principle that when you begin something - anything - everything that flows from it is bound up in the initial conditions under which it started. The beginning is your foundation, and you build and rest upon it until you are finished. A Lunar return is the astrological depiction of the new beginning you make each month and what results from it until the next cycle begins.

Well Begun Is Half Done

"The beginning is half of everything," said the ancient Greeks, and so your monthly beginning is something to be taken seriously and honored, if you want your lunar month to have a good start. Thus, give yourself a little time and space to rest and meditate if you can in the few hours surrounding the time of your Lunar return each month. Take the time to think about what lies ahead, plan your strategies, and gather your resources so you can make the best of what's offered. Look over the aspects in your Lunar return chart and the days and times ahead where they individually kick in. Once you've got a calm picture of the challenges and openings to come, you can rise to seize the day, one moment at a time, and make the most of the month.

Changing the Picture

The planetary positions in a Lunar return are locked in at the moment the Moon returns to its natal place. Where these positions fall in relation to the local horizon, and thus the areas of life in which they work, is entirely dependent upon where you are at the time. Thus, if you see that your Lunar return is going to develop a picture you'd like to rearrange, that can be accomplished by placing yourself at the right spot on the globe to

o fine-tune the event. Many astrologers travel widely in order to adjust both Solar and Lunar returns - I have done so repeatedly over the last 35 years with apparent great success, so I recommend it when necessary. Moving about extensively every month is not easy for everyone, but being aware that it affects the Lunar return is a plus if you normally travel on business and have some say as to where.

Pieces of the Puzzle

The Lunar return is a large piece of the astrological picture of what happens with your life every month, but it is not the only one. Lunar transits, New and Full Moons, and other factors also weigh in, so they have been included in this report so you can have a more complete picture of what to expect and what you have to work with. You should remember, however, that factors whose timing is as short as a monthly cycle are more like the minute or second hands on your life's clock face.

Don't forget to stand back every now and then and refresh yourself with the big picture of where you are and where you're going, which are described by long-term transit and progression cycles. After that, you can get back down to the day-to-day nitty-gritty which the Lunar return offers and know that your focus is tracking and every moment is enjoyed and utilized to its best advantage. With that in mind, read on and launch yourself into the coming month with the wind at your back and the planets racing by your side...

Your Personal Lunar Return Your Lunar Return Chart This Month

Your Lunar return can be read in a manner similar to many other types of horoscopes, except that in doing interpretations it must be kept in mind that it has an unusually short life. The chart is only in effect for 27 1/2 days until it is supplanted by the next Lunar return. Thus, where the middle and outer planets are concerned, there is little or no change of sign over literally dozens of Lunar returns. This makes the overall influence of signs more of a long-term, barely changing backdrop and thus negligible in effect. The house placements and the mutual aspects of the planets and Angles thus become where all the action is, fueled mostly by the faster-changing positions of the inner planets. That may be just as well, as trying to stuff too much interpretive information into a description of a single month leads to diminishing returns, and what is important gets lost in the shuffle.

So what is most important in a Lunar return? Certainly the house positions of the Sun and Moon, and the sign of the Ascendant, which represent the main areas of focus for the month, along with the house positions of the planets. After that comes the aspects of the Lights, Angles, and inner planets to each other and to the middle and outer planets, which describes the dynamics of the month. Last comes the aspects of the middle and outer planets to each other, which provide a background dynamic upon which the rest play out. These, taken together with featured elements of your natal chart highlighted by Lunar Return positions, give an overall picture of the coming month.

Daily Events

After a look at the overall picture for the month, daily influences are painted primarily by the transiting Moon as it passes through the natal and Lunar return houses and ticks off its conjunctions to planets in both the natal chart and the Lunar return chart. This accounts for 47 occurrences, each of which happens once, in varying orders, throughout each month. As the Moon transits the houses and planets of the natal chart, it triggers events that are both personal to the moment and yet connect with more long-term issues as well, since the natal chart abides permanently. As the Moon touches the houses and planets of the Lunar return, however, its effects are to highlight and spark off the trends depicted in that chart only, and thus apply only to very short-term developments. These Lunar transits thus give what amounts to inner and outer pictures, short-term and longer-term effects working together, both of which are described in the text.

Personal Void-of-Course Moon

One final, and very useful, addition is the Personal Void-of-Course Moon. The period of time every 2 1/2 days when the transiting Moon has made its last aspect to another body in the sky before changing signs is described as a Void-of-Course Moon period. It can last from a few minutes to over a day, depending how late in signs the planets are at the time. Because the Moon at this time doesn't really have its "feet on the ground," is generally considered a period unfavorable for tangible decisions that require solid support, but an excellent time for insight, relaxation, and reaching outside of confining boundaries. Many astrological calendars include a monthly list of these times.

If you have natal planets late in one or more signs, however, an ordinarily Void-of-Course Moon may still be making aspects to your chart, allowing you a special exception from the rule and giving you a decision-making advantage at this time. Conversely, if your planets are mostly early in signs, then for you the Moon goes Void-of-Course sooner than for the rest of the world, allowing you to check out and party early, while others are still in a more mundane frame of mind. Thus, included here is a list of your own Personal Void-of-Course Moon times unique to you alone, in order to give you a very specific personal advantage. They each begin when the Moon makes its last aspect to your chart and end when the Moon enters the next sign.

Lunar Return: Sep 22, 2013

As in a natal chart, the first thing you look at is the position of the Sun, Moon, and Ascendant. Their positions and aspects form the fundamental dynamic for the month: whether it's coming on like a juggernaut, sneaking up like a cat, stumbling in like a bull in a china shop, or striding in like a hero. Since the Lunar Return Moon is the same as your natal Moon, any aspects to it are also transiting aspects to your natal horoscope, thus uniquely entwining both charts and making the Lunar aspects especially important. The house position of the Sun and Moon tell you where your main action will be all month, and the Ascendant sign show the overall style. Easy aspects of these to the rest of the chart will show a month whizzing by according to plan. Hard aspects will indicate tangles and challenges to overcome. The text relays how to make the most of the former and how to transform the latter to get best results from the month.

Sun

Connections, both personal and technical, will be at the center of your efforts for awhile, affording you the opportunity to be a great communicator. Now is the time to network, put your surrounding ducks in a row, and tie up personal loose ends in general. As you do this in the personal world, so you will have to do it in more common matters particularly relating to how you are tied to the world around you by lines of communication, technology, and science. These days, you're only as good as the machines around you, so make sure everything is in working order and good repair. A flat tire or blown fuse can bring the largest operation to a halt, so go over your safety checks and make sure all is in order.

Sun in Third House

A focus on ease of communication and incremental and effortless progress is the theme. You'll be looking good and able to promote your personal image best by moving along accepted channels and not rocking the boat. What you have spent some time in developing can be brought to fruition as people absorb and digest it as something both familiar and positive. New directions are only favored if you cloak them as simply the old ways in new clothing. Good flow of communications and lots of contact with friends is essential and easy to accomplish, and you are carried forward by continual reference to and support of others. Don't go solo, when networking will carry the day.

Sun Sextile Ascendant

Moon

What are they saying about you? Aren't you curious? Well, you probably should be, and now's the time to intuitively put your finger on places to shore up your reputation and beef up your curriculum vitae. Remember, it's not just what people are saying, but what they are feeling, that affects your ability to succeed, so tune in carefully. In career matters, trust your intuition and be ready to move quickly to be the first with the most. Those who hesitate are lost, so don't dawdle around finding yourself, just make the move you feel is right, and the rest will follow. After that, you can sit back and read the reviews as they come in, knowing you've done your best...

Moon in Tenth House

You are in a fairly lengthy period where you can get extra mileage out of your imagination, and your intuition will be more in tune than usual. It's a time when you can do more than daydream, you can fine-tune your dreams so that they can become a reality. What's especially unique is that you need not go far afield to find what you are looking for, because it's more or less in your own back yard. Look to the smaller things in life to be bringing you the bigger inspirations, as it is in the microcosm that you see the larger picture reflected. Right now you don't have to chase after your goals but rather be very still and they will come of themselves.

Moon Sextile Neptune

Ascendant

This is a month to either lay siege to or take by storm. Halfway measures won't do the trick. The tendency to either hole up and avoid confrontation or come out swinging may alternate and thus confuse. At times, you may be best off cajoling your way into the action or inserting yourself by stealth like a Trojan horse. A mixture of caution and impetuosity is the middle road, however, and you'll need to feel your way along while appearing to stride. Paper tigers abound, and the seemingly meek may have the sharpest teeth, but you will meet success if your actions remain consistent with your feelings. That means, if it feels right go for it, if it doesn't, back off until there's a sincere opening. The operant phrase for the month: peace through strength.

Ascendant in Cancer

The inner planets change significantly from month to month and indicate the personal permutations your life is going through. Basically, it's the framework of how you play the game, who else is playing, and how they're playing it. Easy aspects mean you win with no contest, hard aspects suggest a more hard-fought game that may put your life skills more to the test and increase your personal growth and talents through experience. The text relays both sides and gives advice on what games to play, what ones to avoid, and the best strategies - whether you want to raise, hold, or walk away.

Mercury

Thoughts turn to home for awhile, and putting things in order inside and outside your abode will be both necessary and pleasing. Rearrange things to suit, redecorate, put a fresh look on things and you'll rejuvenate yourself. On a deeper level, you'll be able to delineate your personal bottom line: where you feel comfortable, when you want to be alone, the foundations of your inner security. If your home is your castle, think about where it begins and the rest of the world ends, the boundaries you choose to defend and feel safe within. If home is where the heart is, define the spaces of your heart and whom you want to let in or have access to it. Put up signs and indications, so others will know and not transgress.

Mercury in Fourth House

Runaway inspirations can confuse as much as amuse and be on the lookout for half-baked ideas that are clothed as full-course meals. Chasing down details and bringing plans to earth are equally hard to do and you may have to go an extra mile or two until you have separated the wheat from the chaff. Avoid jumping to conclusions and unnecessary wastefulness either

physical or intellectual. There's a lot of hot air around and you may have to break out your waders to get through it all. Still, in there somewhere are the kernels of some very bright ideas if you trim them down and nurture them. The trouble is getting them to sit still while you perform the operation...

Mercury Square Jupiter

Venus

No time like the present to get into a serious bout of interior decorating, both inside and out. That can mean changing around the accouterments of where you physically live by painting, adding accessories, and generally beautifying your home. Or, it can mean spending some time refiguring what most pleases and satisfies you when you are home alone, with only yourself for company. On this earth, you are your own best refuge, so you should be happy taking shelter within your soul. When your inner house is in order, the world outside welcomes instead of threatens. A well-wrought starting place means a solid return. This is an ideal time to seek a balance between the inner and outer realms, so they are at peace with one another.

Venus in Fourth House

Sometimes when you get what you want, you tire of it, or you tire of trying to get it. Desire and inclination are at cross-purposes and it's easy to argue about the present and thus forget to enjoy it. Unless you are both watchful and tolerant, you may look back on this period as one of lost or squandered opportunities. There may be not much you can do, as half of the problems are not caused by you, but you can be a peacemaker and ameliorate them. Pull back from turn-offs, closely observe others' needs, put on a happy face even when you're disappointed in order to cut a downward spiral. You may not be able to get all you want, but you can and should cut your losses.

Venus Square Mars

Doing more with less can be a theme now, offering lessons that will increase what you get later by learning to harbor your assets better. The essence of the situation is not usually real want, but spare resources compared to the needs of the job at hand. You could be short a nickel or a million, and the principle is the same: make what you've got go further. In another sense, it means you can't always get what you want, so learn to make do and make it better, whether it's economic or personal needs that are concerned. This has the effect of intensifying desire through delayed gratification, so when it finally arrives, you savor it all the more.

Venus Conjunction Saturn

The opportunity to get your hands on something/someone you really want, but at a price, is on the horizon. "At a price" is the operant word, and the ultimate price may not be immediately evident. What looks like a fair deal for the moment may have you on the ropes down the line thanks to the fine print, so don't just scoop up anything you like without a second glance. If it really looks good on second viewing, then go ahead, as you won't likely get a second chance. They say he who hesitates is lost, but here read it as he who looks hesitating loses. Keep your wits about you, don't appear indecisive, but don't get taken for a ride. Those caveats aside, go for it.

Venus Conjunction Node

Mars

You've got a well of energy to tap right now that will allow you to push harder, be more assertive, and go the extra mile. By exercising your strength you can find yourself in a forward position in the ranks and obtaining a position of leadership. Avoid pushiness, but don't back off unless you see it's really the right thing to do. You have the ability to take what is yours, if you are willing to flex your personality muscles. Establishing or building on a good physical exercise regimen can set the stage for better health, more energy in the long term once you've got things underway. Don't stint, it's time to sprint. The phrase that fits: you can do it, go for the gold.

Mars in First House

The positions of the middle and outer Planets - Jupiter, Saturn, Uranus, Neptune, and Pluto, along with the Moon's North and South Nodes - change little from one Lunar Return to the next, so they add more of a backdrop, the stage set on which the monthly play is performed. They are very powerful, however, and their long-running helpful and troublesome aspects are not to be taken lightly. They can be like a rope to swing yourself across the stage or a trap door that will cause a fall if you're not watching. The text on the mutual aspects of these giants to the inner planets and the Lights, and where they fall by house, shows you just where to watch for them, what mood they're in, and how to get them on your side.

Jupiter

Sometimes things are building up in a crescendo even when it seems like nothing much is happening. This is one of those times. The action is behind the scenes, whether you're making it or taking it. Expect benefits in the near future from events which are gestating now and which you may know little about or misjudge. Thus, avoid suspicion, because the whispers may be on your side. An invigorating swim in the deeper part of your psyche wouldn't hurt, either. You have the opportunity to open some inner gates that had been closed to you before. Take this opportunity to quietly explore those paths until you have to turn outwards again. You will have your hands full soon enough, and now you've got the time.

Jupiter in Twelfth House

Saturn

It is time to trim the lines of where you live. Simpler is better, and every now and then more austere surroundings better fit the bill. The same may go for the people who gather there - this is a time you may find yourself cutting back on visitors and savoring your home for the secure, peaceful refuge that it can be if you let it. You can well spend some time making sure your living place is secure, both physically and financially, and if that requires extra time or sacrifice, it will be well worth it in the end. You cannot put a price on peace of mind, and the ability to go home both physically and mentally is the foundation from which you launch the rest of your life. Treat it well, at it will return the favor.

Saturn in Fourth House

This roughly year-long period describes a background in which previous social conflict has

been resolved and the establishment and powers that be seem to be pretty much doing their jobs. While not necessarily of personal impact, this rolling along of the status quo is something you may be able to use or at least be aware of to your advantage. It means you'll get more mileage out of being a cooperator and someone who does not rock the boat. There is more headway to be made running with the tide than against it, although you may not agree with everything you have to put up with in the process. The time for major departures from the norm is not now, but will come soon enough.

Saturn Sextile Pluto

For several months the opportunity to take on burdensome projects and responsibilities is in the air, and it is up to you which, if any, to choose to take on. Choose wisely, as almost anything you sign up for now will last longer and require more effort than you imagined at the beginning. Similarly, events occurring around now have a certain gravity that makes you take them more seriously, and usually for good reason. This can be OK for long-term commitments, but it also can mean short-term undertakings can turn into long-term woes and a brief fling could dog you for a long time to come. Don't be paralytic about it, just watch what you're getting into.

Saturn Conjunction Node

Uranus

When you're high on a ladder, you are most likely to reach over and gain the top or trip and fall. A rather sudden dose of either or both may be in store in the career department, so buckle up your safety harness just in case. Sudden gusts of fame can shore you up or unexpected twister whirl you around. If you give yourself some slack and backup, you'll rise. If you climb blindly, you'll fall. Let occasional harsh words spoken of you roll off your back unbidden and take sudden praise with grace. When all is said and done, your reputation will follow your deeds, so attend to work and not to ambition, and let the buffets of fortune strike your exterior while the calm remains within. Be unflappable.

Uranus in Tenth House

This several-year period (most recently centering around 1933) occurs only once every 128 years and is reputed to have the effect of transforming and sometimes violent technological progress upon society at large. Too lengthy to have much differing effect monthly, it nevertheless sets the tone of the period. Uranus/Pluto's relationship to the rest of the chart by house and aspect give it a revolving punch that is a regular monthly shakeup. So, look to its relationships this month to the rest of the elements in the Lunar return to see how this really "big picture" planetary aspect works for you.

Uranus Square Pluto

Uranus overhead can mean that some strange things may be said about you this month, and it may be necessary that you take steps to interpret them to your benefit. Both the most original and the most unorthodox parts of you will get air time so be ready to spin the former as genius and the latter as cheerful eccentricity. Similarly, sudden changes, unexpected turnarounds may need to be fielded in the career department, so be ready to reverse your field and take off in a new direction when the opportunity arises. As the air crackles with your news, remember flexibility is essential and trying to stand pat will be more than a losing gamble.

Uranus Conjunction Midheaven

Neptune

Don't let your credit cards run away with you this lunar month, or they're likely to run away from you later. Prospective purchases are not all they are made out to be, so don't buy a pig in a poke - make sure you've got a warranty and can return it. Prospects of easy money, great interest rates, fabulous bargains may abound, but read the fine print. If it looks too good to be true, chances are it is. Lose yourself in the past instead, rummage through the attic where fond memories revive, dust off the old and figure ways it can be made new again. If you're tempted to dispose of seemingly useless items, wait a bit. They are not as useless as they seem. What is broken can be repaired, what is old can be made new. Imagine the possibilities.

Neptune in Eighth House

Pluto

The workplace offers you a number of opportunities to do battle this lunar month, but if you are aware of it, they are easily avoided. Avoidance is especially the right response, as the issues at hand will die of themselves and another, better, situation arises if you let it. The bottom line is, everyday affairs are not worth going to the mat about, even if they seem so at the time. Further, the pressure that confrontation brings on has its greatest impact on your health, as stress and anxiety bollix up your system and throw beneficial habits to the wind. There are no life-and-death issues at stake, really, so don't opt to make your last stand, or it could be Custer's. When you flex your muscles, do it only for sport.

Pluto in Sixth House

You may be subject to some assaults on your reputation, possibly born of jealousy or envy, that may be hard to ward off, as they can be of a repetitive nature. It's probably not a good idea to try to thwart them head-on, as that will only exacerbate things - better to find out why those involved are at odds and how to correct the situation. Similarly, you may feel some serious jostling in the career arena which probably will be self-defeating but can waste a lot of time and energy. If you know what you've got is beyond reproach, stay out of the fray. If not, try to draw attention away from yourself and thus deflect any possible real harm.

Pluto Square Midheaven

Node

Responsibilities at home may take up more time than usual this week, so set some time aside. Also, parse your schedule so that you don't take on too much because of the extra duty and that you don't wind up handling more errands and odd jobs than you meant to. Nevertheless, you may find that while your attention is turned inward, nice surprises may be coming your way on the professional front, as your reputation gets a boost, perhaps from something you'd done long ago but had forgotten about. If someone offers you a free ride, by all means take it and don't be modest, because you will deserve the extra attention and weight taken off your back. Collect your rewards.

Node in Fourth House

Featured Planets

When selected Lunar Return positions occupy the same spaces as bodies in your natal chart, this highlights certain natal inclinations for the month. It will mean that certain elements in your fundamental character will be emphasized both internally externally. These will be the areas that most appear to represent you for the moment and that others will seize upon as entry points to your personality. These are the areas in which you can put your best foot forward to make the most effective and gratifying steps ahead, providing your first line of challenges and opportunities to embrace the world.

Mars Highlighted by Ascendant

Your physical energy and get-up-and-go are put in focus this month in a way that showcases your ability to sustain efforts and makes an impression of robust strength that engenders admiration and trust. It means, however, that you will be committing yourself to a rhythm which you will likely have to repeat, so don't design a regimen that is beyond your capabilities or will leave you drained if it becomes the expected routine. Hit hard and fast when needed, but don't use up all your ammunition on the first target you see. The essence of exercise is that it should not exhaust you, but should reinvigorate and leave you stronger for the effort. So it is with life.

Pluto Highlighted by Jupiter

Your ability to seize control of the moment or wrest it from someone else can become a focus for the month, but should it be so it will be remembered so. So, watch your step and don't step on anyone you don't mean to. The greatest force is the threat of force unused, and the most successful army never has to fire a shot in anger. Similarly, the greatest resistance is disappearance, so don't tangle head to head in a win-lose confrontation, melt away to play next day. How you handle intransigent challenges and blockages right now can establish precedents for the future and habits that you will follow and others will expect. Don't deform, transform. Reform, don't conform.

Daily Events: Sep 22, 2013

As the Moon speeds on through the month, the minute hand of your Lunar Return, it moves through all twelve houses of both your natal chart and the Lunar Return chart, as well as hitting both sets of planets. These are the times to look for specific events that activate these parts of your monthly picture and will offer times for making your best moves. There are forty-seven such events, and they repeat every month, but not at the same time or in the same order. Plus, the playing field and basic potentials of each month differ, so each of the basic transits has a different role to play every month, while retaining its core implications. The individual transits begin with the symbolism of the degree at which they occur, followed by an interpretation of their general meaning, and finish with a handful of specific "issues and accents" to address, which they may bring into your life. Finally, your personal Void-of-Course Moon periods will vary widely and are important timing factors in the daily decision-making process, so keep a close eye on them.

Sun Sep 22, 2013 Moon in Taurus

08:43 am **Moon Enters Natal 3rd House**

8° Taurus: *A sleigh with all the suggestive warmth of the winter season speeds over ground on which the snow has yet to fall. FOUNDATION*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and **in Taurus**

03:14 am **Moon Void Ends: Sep 24, 2013 03:35 am**

04:24 am **Moon Enters Return's 11th House**

19° Taurus: *A newly formed continent is seen, fresh and green within its setting of interminable ocean. ORIGINALITY*

What you can't do for yourself, maybe your friends can do for you, and a friend in need is a friend, indeed. You don't want to tap your nearest and dearest too often, but asking for help and support occasionally is part of what makes friendship, and you might do that now, even if you're not terribly in need, just to keep relations from getting rusty. A little mutual admiration can go a long way towards lifting your esprit de corps, and a heartfelt hug beats a handshake.

Issues and Accents: *get-togethers, elections, confidence, aspirations, close ties*

Tue Sep 24, 2013 Moon in Taurus

00:42 am **Moon Void (Personal) Ends: 3:35 am**

08:19 am **Moon Enters Natal 4th House**

3° Gemini: *An etching of rare beauty displays a charming vista of court life at the garden of the Tuileries under Louis XIV. IMPORT*

A general inclination to hold back and go inside for inspiration holds sway, which can lead you to tend home affairs or simply to withdraw a safe distance to consider what's important and what your next move will be. Similarly, it's a good time to refine defense strategies and patch up those fences that separate you from the neighbors and the outside world, literally and figuratively. When you are sure of your boundaries, you can more safely go beyond them.

Issues and Accents: *motherhood, endings, history, heredity, disposition*

Wed Sep 25, 2013 Moon in Gemini

05:13 pm **Moon Void (Personal) Ends: Sep 26, 2013 03:25 pm**

Thu Sep 26, 2013 Moon in Gemini

00:03 am **Moon Enters Natal 5th House**

23° Gemini: *Three fledglings, secure in their nest high in the tree, already reveal the deep pride of their heritage. SECLUSION*

This is a very open time of month, when spontaneity and warm feelings can flow more easily, and the creative and romantic urges compete to hold sway. A good time for connecting with children or for taking a little time off for fun and frolic. Risk-taking is easier, and you're likely better at it now, though don't go out on a limb unless you're sure. Don't push for concrete steps, but go with the flow and let things happen and the results will surprise and delight.

Issues and Accents: *warmth, movies, affairs, flirtation, exhilaration*

07:22 am **Moon Void Ends: 3:25 pm**

08:11 am **Moon Enters Return's 12th House**

27° Gemini: *A young gypsy youth comes springing out of the forest, regarding the spreading vista before him with deep interest. SCHOLARSHIP*

Behind-the-scenes maneuvering can go a long way toward setting you up for the main event, so don't feel you have to tell all right now to get things done. What you don't know can hurt you, so some non-invasive information-gathering on the sly may be just what you need to take some time for right now. Honesty is the best policy, but do no harm is the bottom line. The less said the better right now, and actions will speak louder than words when the time comes.

Issues and Accents: *retreat, waste, spies, error, repression*

Fri Sep 27, 2013 Moon in Cancer

01:18 pm **Moon Conjunct Natal Jupiter**

11° Cancer: *A clown is making merry, gently caricaturing all manners of human traits with*

his grimace and pantomime. DIVERSION

Look for circumstances to further your good fortune and new ways to develop that further your agenda. This is aided by a generally positive, can-do attitude and a feeling that it's all going to work out for the best. And that's an approach that can make for excellent self-fulfilling prophecies. Generosity is the first option, which tends to be returned in kind, and a feeling of being in touch with the general operating system of life gives insight to the heart as well as the head.

Issues and Accents: *morality, expansion, insurance, bureaucracies, sincerity*

04:19 pm **Moon Enters Natal 6th House**

13° Cancer: *A hand, which is held out receptively, is remarkable for the suggestion of character in its prominent thumb. DETERMINATION*

This period has a bit of a "back to work" flavor, where picking up stitches and buttoning down projects is the flavor of the day. Where you have gotten off schedule, either at work or in your personal habits or health regiment, now is the time to make the correction and get back on track. By strengthening routine so it runs by itself, you free your hands for more important things down the line and prevent untimely trip-ups from overlooked details at the last minute.

Issues and Accents: *explicitness, co-workers, volunteering, lunch, wholesale*

Sat Sep 28, 2013 Moon in Cancer

02:21 am **Moon Conjunct Return's Jupiter**

18° Cancer: *On all sides is the bustle of the barnyard; in its old-fashioned and natural life, a hen clucks among her chicks. PROVISION*

Positive thinking and a generous imagination can now set the stage for increased opportunity and a bigger piece of the pie. The only limits you have are those you impose upon yourself, and now is not the time to do that. Think big, not only for yourself but for those involved with you, so that win-win situations can blossom and lead to ever-expanding possibilities for all concerned. When you invest in others, you invest in yourself, paying dividends to your posterity.

Issues and Accents: *prestige, preservation, protocol, lending, earnings*

05:17 am **Moon Conjunct Natal Pluto**

19° Cancer: *A fragile miss, representative of proud old blood, is wed by a pompous priest to an eager youth of the new order. SALVAGE*

The inclination may be to push through to get your way, that for the moment the end justifies the means. Stand back and take another look, however, and you might decide otherwise. When you simply "must" do or have something, you probably shouldn't - at least not to the degree you are contemplating. Such feelings are signals that can get you in better touch with deeper emotions and are better used in that cause rather than in the service of a quick ego boost.

Issues and Accents: *soul-mates, metabolism, legacies, seduction, conscience*

Sun Sep 29, 2013 Moon in Cancer

01:01 am **Moon Void (Personal) Ends: 03:58 am**

01:01 am **Moon Conjunct Natal Mars**

29° Cancer: *A Grecian pastoral allegory is seen; a peasant lass is mother of twins and these a Muse now weighs in golden scales. INHERITANCE*

You may find yourself running into brief spells of irritability and/or impatience, when you want to get on with things but your way appears blocked. It's easy to get into a fight, perhaps even easy to win one, but it's not a good time to choose one. Avoid quarrelsome and contentious people who might get your goat and remember that most battles aren't worth fighting. Snap judgments are usually the worst, and you can't regret mistakes you don't make.

Issues and Accents: *action, daring, intolerance, danger, self-confidence*

01:06 am **Moon Enters Return's 1st House**

29° Cancer: *A Grecian pastoral allegory is seen; a peasant lass is mother of twins and these a Muse now weighs in golden scales. INHERITANCE*

This marks a period when it will benefit you most to use your personality as the winning card in any game you are playing. It's the time to make that sale, impress that client, charm that lover, play to the audience. Don't try to impress them with statistics or your track record, just wow 'em with the way you come on, with the conviction you have in what you present. This is the month's window for being on-stage, so take the opportunity to light up when it's presented.

Issues and Accents: *daydreaming, will, anger, deals, attainments*

03:32 am **Moon Void Ends: 03:58 am**

08:40 pm **Moon Enters Natal 7th House**

9° Leo: *In a scene of weird display and brilliant colors, glass-blowers produce one by one the marvels of their craft. FORMATION*

Personal relationships can be put into focus now, and you may find that you can share your emotions and responsibilities with a partner who will take a load off your back. By giving credit where it's due and avoiding competition or jealousy you will find you often receive more than you give, but then that is what usually results from an open hand and heart. Fairness is at a premium right now, so go out of your way to see that everyone is on an equal playing field.

Issues and Accents: *associates, marriage, battles, arguments, endorsement*

Mon Sep 30, 2013 Moon in Leo

11:27 am **Moon Conjunct Return's Mars**

16° Leo: *The sunshine floods the sleepy village street; a storm has left everything drenched and wondrously refreshed. LIBERATION*

A quick, deft thrust can slay your quarry, but shooting from the hip risks overwhelming return fire. Rash actions seated in annoyance or anger can do a lot more damage than just sitting on your hands and waiting it out. Forceful action can carry the day, but only if it's well thought out and comes from a cool head, not a hot heart. The opportunity here lies in knowing when to pass and let someone else make the mistake, after which you may capitalize upon it.

Issues and Accents: *pain, exaggerations, warmth, muscles, madness*

02:56 pm **Moon Enters Return's 2nd House**

18° Leo: *An instructor in chemistry is conducting an experiment before his class, in the midst of a maze of apparatus. SERVICE*

This month's finances are best dealt with, or at least planned for, during this two-day stretch. Make decisions, allocate funds, plan a budget, write checks, anything that can go towards wrapping up your money issues for the month. Once these issues are out of the way, you can move on to networking on your next set of issues. This is the time to count your recent winnings, impact any losses, and see what your bottom line is going to fund for you in the near future.

Issues and Accents: *remnants, goods, economy, losses, merit*

05:32 pm **Moon Void (Personal)** **Ends: Oct 01, 2013 02:53 pm**

Tue Oct 1, 2013 Moon in Leo

00:50 am **Moon Void** **Ends: 2:53 pm**

09:59 pm **Moon Conjunct Natal Neptune**

4° Virgo: *A little black boy is playing with white children; neither he nor they are aware of racial difference. PROMINENCE*

Intuition runs strong for a bit, and chances are that hunch you have is correct, even if you can't put your finger on it or give a reason for your predictions. The same goes for your people-antennae, which are particularly tuned in to the feelings of those around you. It's easy to drift off into a daydream, or simply fog out at a cocktail party. Operating heavy machinery, however, is less than recommended. Don't try to dream and drive at the same time.

Issues and Accents: *nerves, obsession, prevarication, intuition, clarification*

Wed Oct 2, 2013 Moon in Virgo

11:20 am **Moon Enters Return's 3rd House**

11° Virgo: *A beautiful boy is revealed; he is all boy in every way, but in him lives too the idealization of a wise mother. CONSUMMATION*

It takes a village to get anything done, which means to get things moving you've got to talk to everybody in town. If you take this time to be the great communicator and unify your social network you will find there are plenty of hands to go around to get it all done. Open new avenues of discussion that focus not on theory but on everyday nitty-gritty, things that grease the skids for all concerned and avoid wasted time by getting rid of repetition, misunderstandings.

Issues and Accents: *recognition, books, education, roads, prejudices*

Thu Oct 3, 2013 Moon in Virgo

02:59 pm **Moon Void** **Ends: 11:00 pm**

08:19 pm **Moon Void (Personal)** **Ends: 11:00 pm**

09:56 pm **Moon Conjunct Return's Sun**

30° Virgo: *A suburbanite grins; an emergency call to the house of a neighbor frees him from some item of household drudgery. RECTIFY*

The heart of the matter and the main focus of the month gets its greatest boost now, even if it may not seem so at the moment, so keep your eyes wide open and be ready to jump to the tune when it starts to play. It's a time to whip up enthusiasm, not necessarily to get down to brass tacks, so put on a happy face and spread good feelings around, even if nothing else seems to get done. By engendering warmth and excitement, you focus the flood in your direction and partake not only of your own energy, but the environmental electricity flowing down your wire.

Issues and Accents: *ornaments, survival, insults, trees, circulation of blood*

11:57 pm **Moon Enters Natal 8th House**

1° Libra: *A symbolical painting is seen: a beautiful butterfly meeting sacrificial death through an impaling dart of wisdom. SCRUTINY*

Credit can be looked at creatively and used to maximum effect, with particular attention to raising your limits without overtaxing yourself. Recycling efforts may pay off by repurposing something you would have otherwise disposed of. A glance back to the old ways of doing things can inspire and even pay off as you realize there's nothing really new under the sun. Taking out the trash, once you have decided what it really is, can feel like a fresh, new start.

Issues and Accents: *passion, bedrooms, fidelity, indiscretion, reversal*

Fri Oct 4, 2013 Moon in Libra

06:20 pm **Moon Enters Return's 4th House**

11° Libra: *A kindly old professor from his battered desk looks out over his eyeglasses at a class eagerly awaiting his words. KINDLINESS*

Attention to laying the foundations of what you are going to do and be for the month is the order of the day. Build from the ground up and don't start on the first floor until the basement is done. You don't have to complete it all right now, but have the order determined and your materials ordered so you don't have to go back and draw up altered plans later. Where you've already put it all together (or mostly), tidy up the joint, set your house in order.

Issues and Accents: *interiors, emotional needs, real estate, contracts, remodeling*

08:35 pm **New Moon**

12° Libra: *A worker's shift is finished and the miners emerge from their grimy hole into daylight and life above ground. EXECUTION*

New Moon in Natal 8th House

You may find turning over a new leaf this month entails tossing out the old and ringing in the new, but you should take a second look before doing that. What you may find much more satisfactory is to simply rework and refurbish what is already there. Sometimes a new paint job makes everything new again, so you don't have to totally start over from scratch. They don't make things like they used to, so preserve what you can. It's also a good time to initiate that new

credit card, but avoid impulse buying, as it's easy to go overboard right about now. Ditto for mortgage or other loans - a good starting time, but just take what you need and no more.

New Moon in Return 4th House

If you aren't already working from home, you might have the opportunity to try it out for a few days and see how it suits you, even if it only means taking work home with you for a while. In general, experimenting with new kinds of personal arrangements and lifestyles at home can put some new spice into the old routine and refresh your inner landscape. This doesn't require (or shouldn't) making permanent changes, but rather initiating a new approach and seeing how it fits you. In other words, rearrange things, but make sure you can put them back the way they were until you've decided just what pattern you really like, with special attention to how secure it makes you feel.

Issues and Accents: *research, elimination, obligations, compulsions, depression*

Sat Oct 5, 2013 Moon in Libra

02:41 am **Moon Conjunct Moon's South Node**

16° Libra: *The storms of the winter have washed away the boat-landing; some happy souls at the beach resort are building one. DEMAND*

11:10 am **Moon Conjunct Return's Mercury**

21° Libra: *It is a hot Sunday afternoon in summer and upon the beach is a milling crowd enjoying precious ocean freshness. COMMUNION*

This is a time for clearing things up and attempting to be particularly lucid about your current set of plans. New insights can be worked into the picture and details laid out to those who need to be in the know. Bounce ideas off other heads to see a less subjective view of your schemata, then proceed to set things into motion before you lose the freshness of the inspiration. Though feelings may compel, you're best off right now with only what can be expressed clearly in words.

Issues and Accents: *reliability, detail, speed, agreements, speech*

06:28 pm **Moon Void Ends: Oct 06, 2013 04:33 am**

Sun Oct 6, 2013 Moon in Libra

01:58 am **Moon Void (Personal) Ends: 04:33 am**

05:50 pm **Moon Enters Natal 9th House**

8° Scorpio: *A beautiful gem of a lake set high in the mountains is revealed in the silvery bathing light of a full moon. WATCHFULNESS*

This can be an ideal time for those long conversations and ambitious exploration of new mental and emotional territories. Your reach feels greater than before and you are only limited for the moment to what you can imagine, leaving the details for later. You can stand back and examine the big picture and chart your way through it. Travel broadens the mind, whether it be a

physical trip or an armchair journey of the mind. Believe in what you conceive, and it will come true.

Issues and Accents: *extensions, justice, values, confidence, meditation*

08:24 pm **Moon Conjunct Return's Saturn**

10° Scorpio: *A fellowship supper is served to a group of men brought together in reunion to live again in forgotten moments. FRATERNITY*

Setting limits and downsizing some of your operations may be just what you need to get a tighter focus and better utilize limited resources. This may at first seem a downer, but it's really a matter of putting quality over quantity. You cannot be all things to all people, so you have to select what role you can effectively play and divert your assets to support it. Carefully-chosen sacrifices allow all your guns to bear on the target you can't afford to miss.

Issues and Accents: *deterrents, routine, misgivings, disadvantage, restrictions*

09:16 pm **Moon Conjunct Return's Moon's Node**

10° Scorpio: *A fellowship supper is served to a group of men brought together in reunion to live again in forgotten moments. FRATERNITY*

This is a time when the fox comes into view and the chase is begun, but you may not want to participate in the hunt, so take stock before you go galloping off. The opportunity for emotional or financial attachments and the responsibilities they entail may be something you want to pass on for the moment. Today's blithe commitment all too often becomes tomorrow's burden, so be sure that you really want it before you saddle yourself with more than you may want to carry. This does not mean avoid commitment altogether, but that many call and only a few should be chosen.

Mon Oct 7, 2013 Moon in Scorpio

02:31 am **Moon Conjunct Return's Venus**

13° Scorpio: *In a rattletrap old wooden barn, an earnest man works in a maze of apparatus: invention at the point of success. CLEVERNESS*

It's a good time to be presenting things in the best possible light and dressing up your reality in its Sunday best. When you look good, you feel good, and you make others around you feel better as well. By surrounding yourself with the trappings of love, desire, wealth, and beauty, you bring those very same elements closer to you, so indulge yourself in order to attract the future wherewithal of self-indulgence. In other words, consider play to be an investment in the future as one good thing leads to another.

Issues and Accents: *comfort, finances, shopping, assets, tact*

11:49 am **Moon Enters Return's 5th House**

19° Scorpio: *A wise old parrot has been listening attentively to the conversation and preening himself; now he begins to talk. REPAYMENT*

Making the most of playtime can do as well for you as the most earnest work, and setting time aside for recreation and generally creative pursuits will serve to refuel and reinspire the rest of the month. The works of your life are your children as much as any son or daughter, and when they are conceived and nurtured in love, the result can only bring reward. So, listen to the natural

soul inside and take some time now to bring those inner voices into the sunshine.

Issues and Accents: *heat, risk, embellishment, entertainment, aptitude*

Tue Oct 8, 2013 Moon in Scorpio

00:54 am **Moon Void Ends: 08:22 am**

05:51 am **Moon Void (Personal) Ends: 08:22 am**

12:29 pm **Moon Enters Natal 10th House**

3° Sagittarius: *Two men, lounging in the comfort of an old drawingroom and with strong pipes, are playing a game of chess. PROFICIENCY*

Professional considerations should be looked at and adjustments made to see that your name is recognized and respected among your peers. While your attention is on it, touch up that resume, touch up your image, and take some time to advertise yourself. Make mileage out of compliments and take credit where it is due. Follow up leads and don't be shy about blowing your own horn, as long as you can truly live up to what you promise. Time to wave the flag - yours.

Issues and Accents: *thriftiness, influence, reliability, calendar, direction*

Wed Oct 9, 2013 Moon in Sagittarius

04:38 pm **Moon Void (Personal) Ends: Oct 10, 2013 11:18 am**

10:24 pm **Moon Enters Natal 11th House**

23° Sagittarius: *Bathed in a slantwise western sun, with the Statue of Liberty beyond, Ellis Island welcomes the immigrants. PRESUMPTION*

This is a good time to look to close friends for support, either as backing for endeavors you need help with or just for general emotional support and refueling. It's also a good time to tap into others' creativity when your own inspiration well runs a bit dry, and you'll find yourself refreshed as a result. In a similar vein, you may also want to tap into higher resources, both spiritually and financially, to pick up some of their overflow for yourself.

Issues and Accents: *indifference, discontent, hopes, colleagues, combinations*

Thu Oct 10, 2013 Moon in Sagittarius

05:14 am **Moon Enters Return's 06th House**

27° Sagittarius: *A sculptor is at work in his studio, and under his skilled hands, a lovely form slowly and surely takes shape. DELINEATION*

The daily structure of your life and work is often taken for granted and so can fall into disrepair. This is a time to reinvent the ordinary and make it special, to see that the habits and methods that make up your daily operations actually serve the purposes for which they were intended. By being a do-it-yourself efficiency expert, you can make this month more productive

and less boringly repetitious. If it works, embrace it. If it doesn't, erase it.

Issues and Accents: *drudgery, explicitness, co-workers, volunteering, wholesale*

06:11 am **Moon Void** **Ends: 11:18 am**

Fri Oct 11, 2013 Moon in Capricorn

02:29 am **Moon Conjunct Return's Pluto**

9° Capricorn: *There is a vast stretch of heavenly realm and across it an angel carrying a harp comes leisurely but surely. COMMUNICATION*

You may have to briefly force someone's hand in order to win this round, but that's all part of the game, so don't flinch at the possible necessity. Also don't be surprised if turnabout is fair play and you find yourself the subject of a force play. The bottom line is to remember that it's more than just your game and you can only win if everybody gets to the finish line. Don't try to overwhelm pockets of resistance, however, as a Pyrrhic victory is an empiric defeat.

Issues and Accents: *metabolism, odors, envy, upsets, legacies*

08:05 am **Moon Enters Natal 12th House**

13° Capricorn: *Back against the mountains towards the East that fringe the roof of the world a fire-worshipper is meditating. MAGIC*

This is likely the quiet time of the month, a lull in traffic, the calm before the storm of renewed energy that will follow. Retreat and contemplation, with resultant renewal and regrouping, are favored pursuits. Use down time to reconsider your options and make sure you are really on the right course. Inner challenges you grapple with and resolve now will result in more focused and effective action when the time comes for it, which will be shortly.

Issues and Accents: *scandal, reversion, remorse, disability, illusion*

08:05 pm **Moon Void** **Ends: Oct 12, 2013 02:00 pm**

Sat Oct 12, 2013 Moon in Capricorn

00:14 am **Moon Conjunct Natal Saturn**

22° Capricorn: *The defeated general yields up his sword, but in failure he wins for his cause a dignity that is real success. CUSTOM*

If you are tempted to highlight your insufficiencies, do so in the interest of a better and less wasteful existence. When things suddenly stall, it's usually for a reason, and now's the time to find out why. Don't bash yourself, do improve yourself, you can't overcome your limitations until you truly know what they are. Similarly, limitations are often imposed because you haven't made sufficient use of what's already on your plate. Say grace, and you'll receive grace.

Issues and Accents: *disappearances, callousness, denial, embarrassment, distress*

11:30 am **Moon Void (Personal)** **Ends: 02:00 pm**

11:35 am **Moon Enters Return's 7th House**

29° Capricorn: *Afternoon tea is served in a gypsy parlor patronized by socialites, and here a young lady reads the tea leaves. INTIMACY*

There is no greater opportunity in life than another person, and your ability to partner well now can turn this period into a cornucopia of possibilities that would not be available operating solo. Don't expect to luck into a good relationship - the best ones are carefully built and meticulously tended. Creating and maintaining space for both to operate comfortably in is the key to making a partnership more than just two people making do. Tend to each other's houses and hearts.

Issues and Accents: *snootiness, associates, marriage, arguments, indecision*

Sun Oct 13, 2013 Moon in Aquarius

04:13 am **Moon Enters Natal 1st House**

9° Aquarius: *A student sits in quiet meditation, and before his eyes a flag seems to form and then changes slowly into an eagle. ACCEPTANCE*

This is likely your most interesting and active time of the month, when you can project yourself more convincingly and with greater force than at any other time. It's the time to get things done in person, face-to-face, rather than by mail or phone, as your ability to project yourself is at a peak, as is the inclination of others to accept you at face value. It's a period to make extra space in your schedule, as you're likely to have more to do than you expect.

Issues and Accents: *greetings, clashes, strength, blockage, self-development*

07:59 pm **Moon Enters Return's 08th House**

18° Aquarius: *The masquerade has long been in progress, and laughing young ladies at last have forced the final male to unmask. SIMPLICITY*

Financial self-reliance is a goal, but sometimes it's better to gamble with other people's money than your own. A carefully-wrought juggling act of balancing borrowed stakes with retooling and refitting your own personal resources can serve you as well as gold in a safe deposit box. Extra baggage that you eliminate right now will make that whole process work more efficiently, so what you can't reclaim for reuse, spin off as gifts or collateral.

Issues and Accents: *force, adjustment, reimbursements, benefits, settlements*

10:14 pm **Moon Void (Personal) Ends: Oct 14, 2013 05:06 pm**

10:14 pm **Moon Conjunct Natal Venus**

19° Aquarius: *On every hand are the still-smoking embers, but the forest fire is out, and the weary fighters are most jubilant. ASCENDANCY*

Take the opportunity to express the warmth you feel and don't hesitate to display your social charms in a fertile, group context. Flattery will get you everywhere, so you can safely lay it on thick. Self-improvement and beautification are the way to go, but self-indulgence can slip into the middle, so watch that you don't overdo things because you just can't help yourself. Impulse buying is easy to do - be kind to yourself, but watch your wallet.

Issues and Accents: *persuasion, wardrobe, income, talents, clothing*

Mon Oct 14, 2013 Moon in Aquarius

04:29 pm **Moon Void Ends: 05:06 pm**

10:44 pm **Moon Conjunct Return's Neptune**

4° Pisces: *The narrow isthmus between two summer resorts, both sparkling with life, carries crowded holiday traffic safely. DELIVERY*

Trust your feelings and try to harness your intuition, which is favored. Although goals are different from dreams, you must dream to have goals, and it's at times like this they are born. The seeds of the future are borne on the wind, and when reveries come to roost, the fantasies of tomorrow become the accomplishments of today. But like a hall of mirrors, only one of the images is you, and you will have to find out which one that is, in order to make it come true.

Issues and Accents: *music, sacrifice, apprehension, credibility, aspirations*

Tue Oct 15, 2013 Moon in Pisces

11:39 am **Moon Enters Return's 09th House**

11° Pisces: *A group of serious-eyed, earnest-faced men are seeking illumination and are conducted into a massive sanctuary. VESTMENT*

Is your life cinema verite, or is there a plan? Now's the time to invent the latter or improve on what you've got. Dead reckoning can get you where you're going, but why not have a map? This is a good time for establishing the lay of the land, getting that aerial overview that confirms where you've been, where you are, and where you're going. You needn't rush off on the journey, just turn it around in your mind until you have a good grip on the possibilities it offers.

Wed Oct 16, 2013 Moon in Pisces

03:16 am **Moon Void Ends: 09:19 pm**

06:42 pm **Moon Void (Personal) Ends: 09:19 pm**

10:14 pm **Moon Enters Natal 02nd House**

1° Aries: *A woman has risen from the water; a seal has emerged also, and is embracing her. REALIZATION*

Attention to cash flow and how to improve its balance in your favor catches your focus, and you'll find yourself basing both attitude and decisions on how much it costs, what it's worth, who wants to buy it. Your innate possessiveness is at its maximum and it may be hard to part with belongings, even ones you need to get rid of. It's also a time for reevaluation of what you think is important to you and why you consider it so, getting your ducks in a row and making critical choices.

Issues and Accents: *refunds, desirability, seclusion, cash, credit*

10:41 pm **Moon Conjunct Natal Sun**

1° Aries: *A woman has risen from the water; a seal has emerged also, and is embracing*

her. REALIZATION

This is likely your second most active time of the month, as your inner energies get a boost and you are more likely to be in for some ego-stroking. As greater energy and enthusiasm flow, so do the opportunities to expend them, so you might take care not to overdo things or you'll drain yourself. This has a "launch-pad" feel to it, so make sure new endeavors begun now are birthed with a steady hand, as well begun is half done and you don't want slips at the starting gate.

Issues and Accents: *ornaments, romance, games, taking chances, circulation of blood*

Thu Oct 17, 2013 Moon in Aries

10:00 am **Moon Conjunct Natal Mercury**

8° Aries: *A large old-fashioned woman's hat is revealed, with streamers flying in a stiff breeze from the east. INGENUOUSNESS*

Sudden inclinations to figure things out and think things through are definitely the way to go, and it's a good time to put it down in writing lest you forget it. That's also a good idea because schemes hatched now may be somewhat colored by feelings of the moment that can be wisely edited out after a second look. Keep it simple and don't get bogged down in details for the time being and you can cover multiple topics and issues, solve multiple problems while the inspiration lasts.

Issues and Accents: *service, mail, self-analysis, words, opinions*

04:19 pm **Moon Enters Return's 10th House**

11° Aries: *The president of the republic or ruler of his country is presented.*

IDEALIZATION

What people believe you are often seems more important than what you really are, so crafting your public image is critical for success. This is always a mix of real achievements mixed with what's in the eye of the beholder, so make sure that you have both working for you. Find out now what other people, especially your peers, are saying about you and provide information to turn the opinion polls your way. Sometimes a spin doctor is more valuable than an M.D.

Issues and Accents: *prestige, betterment, qualifications, awards, achievements*

04:52 pm **Moon Conjunct Return's Uranus**

11° Aries: *The president of the republic or ruler of his country is presented.*

IDEALIZATION

Taking risks on sudden, far-out ideas may generally be inadvisable, but this may be just the time to do it. Sudden flashes of insight may cut through the normal, humdrum solutions and start you thinking out of the box. Don't just throw caution to the winds, but don't hesitate to try something new and different this month if it seems appropriate to the occasion. Remember, however, that doing so may change more than you think and could have you off balance unless you take a flexible stance.

Issues and Accents: *paradoxes, choices, light, locks, gambling*

11:10 pm **Moon Conjunct Natal Uranus**

15° Aries: *An Indian is silently but deftly weaving a basket in the light of the setting sun.*
RETENTION

The urge to think or act impetuously offers both risk and opportunity. A sudden change of direction or a new direction entirely can put you way ahead of the game, or get you thrown out of it. But, if it's within reason, fly with it and see what happens - nothing ventured, nothing gained. The best maneuvers often burst out full-blown like Athena from Zeus's brow. Don't be impatient with others who may not go along, and be ready to accept consequences, for good or ill.

Issues and Accents: *licenses, new methods, inequality, defiance, experiments*

Fri Oct 18, 2013 Moon in Aries

00:44 am **Moon Conjunct Natal Moon's Node**

16° Aries: *Brightly clad brownies are seen dancing in the warm dying light.*
APPRECIATION

Commitments undertaken at this time may last longer and require more of you than you now anticipate, so don't sign on the dotted line until you have read the fine print. And, don't casually say yes to something you don't really mean, because you may be held emotionally or financially accountable for it. This is a time to fine-tune your honor and become more closely aware of your emotional responsibilities, and realize just how much your behavior affects others.

07:39 pm **Moon Void Ends: Oct 19, 2013 03:28 am**

07:39 pm **Full Moon**

26° Aries: *A man is seen burning to incandescent heat with the wealth of that which he has to give.* **FORTUITOUSNESS**

Full Moon in Natal 2nd House

Under a little more intensity than usual, it's time to wrap things up financially, collect on projects that have come to fruition, and generally tie up loose ends. That should mean ending extra spending for a time, as it will be less necessary, but that's hard to do on a Full Moon, when things are a little crazy and judgment isn't always on the mark. Still, put your focus on that last payment, that final accessory, as the appropriate approach is to round out what you have done, put on the final touches, and then showcase it. It's a time to show off what you've got and make the most of it, not keep piling on to it. From now on, you should concentrate on reaping its rewards.

Full Moon in Return 10th House

Coming to some final conclusions about the current direction of your career would be in order now. This is not the time to make permanent decisions or try radically new directions, but analysis of just how successful your strategies have been would be a good idea. This especially applies to observing how others view what you are doing, as external cooperation and support are essential to shoring up even the highest accomplishments. If your efforts have not been bringing applause, it might be time to rethink your strategies and pick a more crowd-pleasing

approach. You bank on your reputation more than you might think, so make sure there is sufficient in your account.

Lunar Eclipse

This Full Moon is also a Lunar Eclipse, which makes its impact twice as important. Expect sudden turnarounds, unexpected new directions, serious paradigm shifts in this house area's developments (see New Moon paragraph) along with the planets the Moon touches today (q.v.) that has been building for the last month and will have effects running into the next five months. Because of its intensity, this particular part of your Lunar Return may quite literally eclipse much of the rest of the month's goings-on. It's effects fall mainly on the emotional side and ripple outward from there. Expect to make room for resultant happenings for some time to come.

Issues and Accents: *benefits, worthiness, service, furniture, rest*

Sat Oct 19, 2013 Moon in Aries

00:44 am **Moon Void (Personal)** **Ends: 03:28 am**

05:37 pm **Moon Enters Natal 03rd House**

8° Taurus: *A sleigh with all the suggestive warmth of the winter season speeds over ground on which the snow has yet to fall. FOUNDATION*

Getting the word out, making connections, tying people and things together are the focus, and you can expect more phone and mail activity than usual, so adjust your schedule accordingly. It's a good time for touching base, but not ideal for in-depth conversations which may be put off until you have more time to get into them. Technical matters, networking, and anything that involves media are on the front burner, and machines can take on a life of their own, albeit briefly.

Issues and Accents: *deceit, adaptation, complications, conferences, misdirection*
